What Services Do We Provide?

Are you concerned about your child's development?

Are you worried your child isn't growing, learning or developing like other children? The sooner you check it out the better.

We are here to help by providing screening, consultation, informal & formal assessments, direct intervention & developmental monitoring.

Our Team

Intake Coordinator/Family Navigator will assist you in finding services that meet your needs.

Developmental Therapists will coach and mentor you and your child to gain skills & knowledge to enhance learning & growth.

Occupational Therapist will assess and make recommendations to help your child overcome challenges.

Developmental Support Services Manager will guide & support the team.

What is Early Intervention?

Early intervention means taking action early when a problem is noticed.

Our program is designed to engage children, families & communities to become involved in the natural & healthy growth of all children. When you have concerns about your child's learning, growth or development we will assist you in acquiring the skills necessary to support your child.
