Program Description

The Clinical Services Coordinator is responsible for coordinating all psychological services provided by Weechi-it-te-win Family Services. The Clinical Services Coordinator assists First Nation Community Care Programs with capacity building for The Family Counselor Program, Family Preservation Worker Program, and other non-mandated programs.

The Clinical Services Coordinator is the primary resource link and resource for the First Nation Family Counselor Program and the Family Preservation Worker Program.

The Clinical Services Coordinator also serves as the single point of access and provides coordination for Weechi-it-te-win's Crisis Response Services.
